ROUND TUBE STRUCTURE

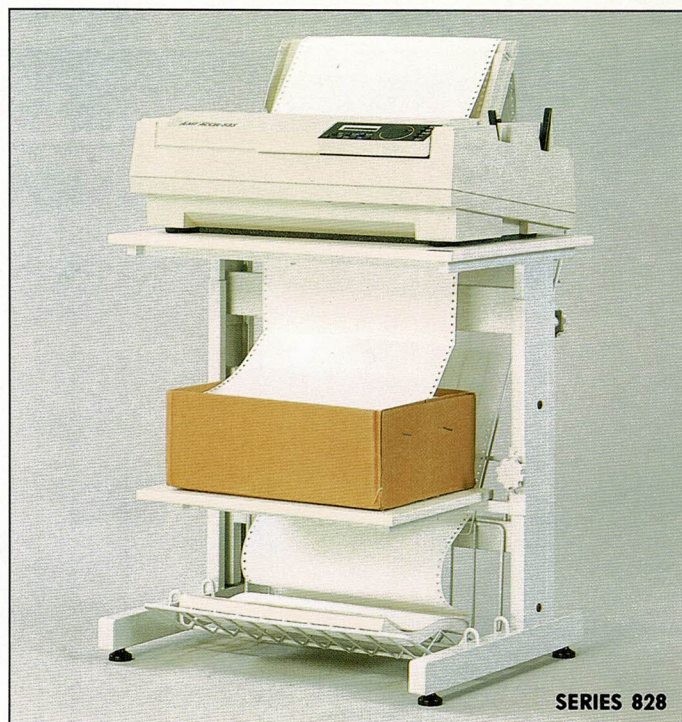

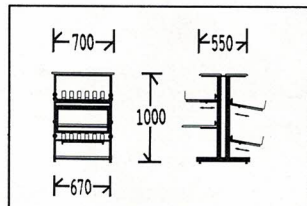

SERIES 791
C.P.U. HOLDER FOR
EMBOSSED STRUCTURE

SERIES 838

SERIES 838

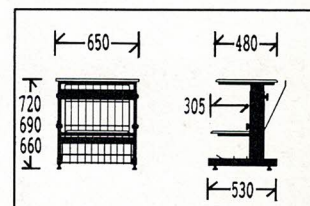

Series 838 is a twin printer table - it is unique in its features to accommodate two printers and it is possible to print at the same time with individual paper feeding and receiving tray. Adjustable tray for better paper feed and receiving. Provides better usage of space and allows continuous printing. Also able to perform as a multi-tray printer table.

SERIES 828

SERIES 828

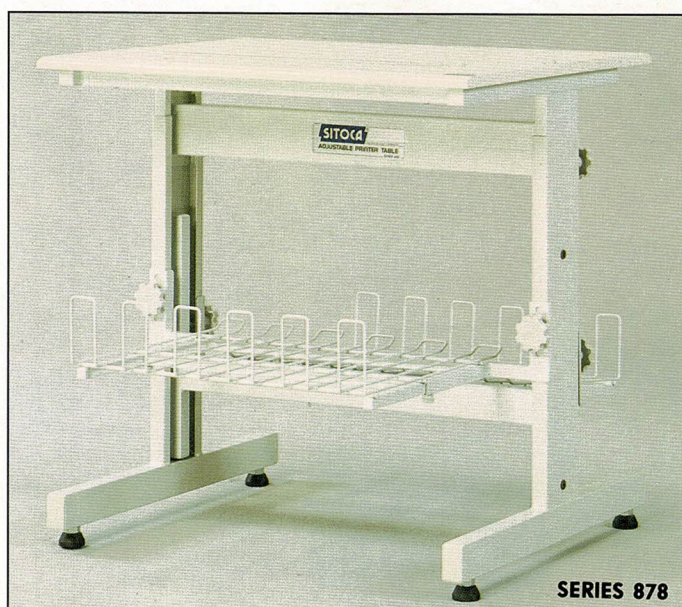

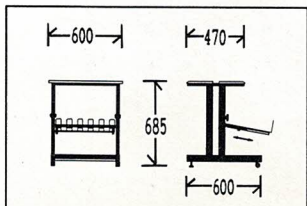

Series 828 is designed for operator convenience as the print-out is received and collected in front. Adjustable height and sturdy structure enables the table to withstand printer's printing capacity up to approximately 400 cps. Table top's centre opening is to facilitate bottom feed. Specialise in continuous printing. Rubber studs to ensure stability.

SERIES 822

SERIES 822

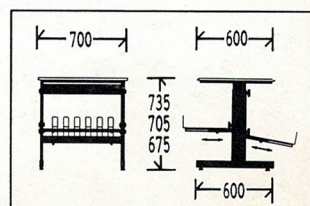

Series 822 is a standard height printer stand which is economically and ergonomically designed.

SERIES 878

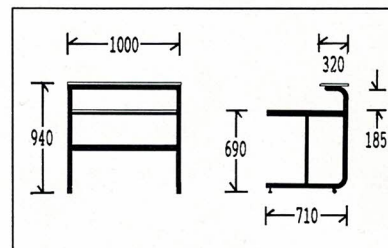

SERIES 878

Series 878 is a very heavy-duty printer table that is purposely designed to withstand the heaviest printer and a printing speed of up to 800 cps. Extra heavy-duty steel leg structure and rubber studs to provide better stability.

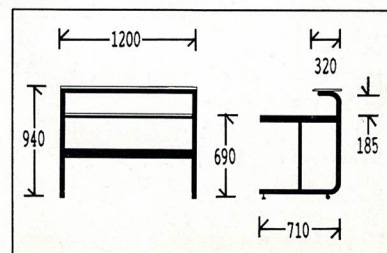

SITOCA[®]

MULTI-PURPOSE

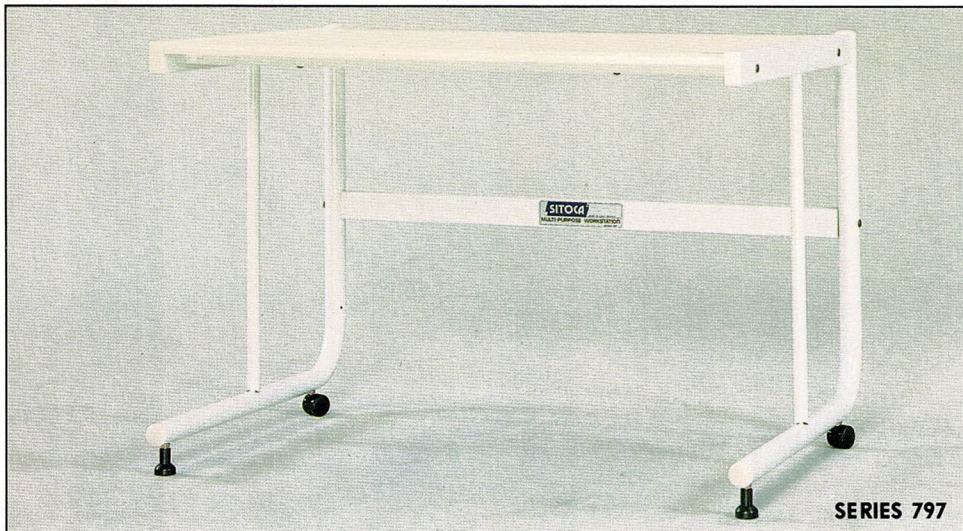

SERIES 795 & 796

Series 795 & 796 is ideally designed for usage as a computer workstation or study/reading desk. The difference between the two series is that for series 796 the length is 1200 mm and series 795 is 1000 mm. It is a sturdy workstation, which is structured to withstand computer peripherals or textbooks. In-corporating two front studs to provide stability and two back castors for mobility when needed. Ability to attach the adjustable C.P.U Holder series 792, for space saving. Possibility to accommodate other optional items.

WORKSTATION

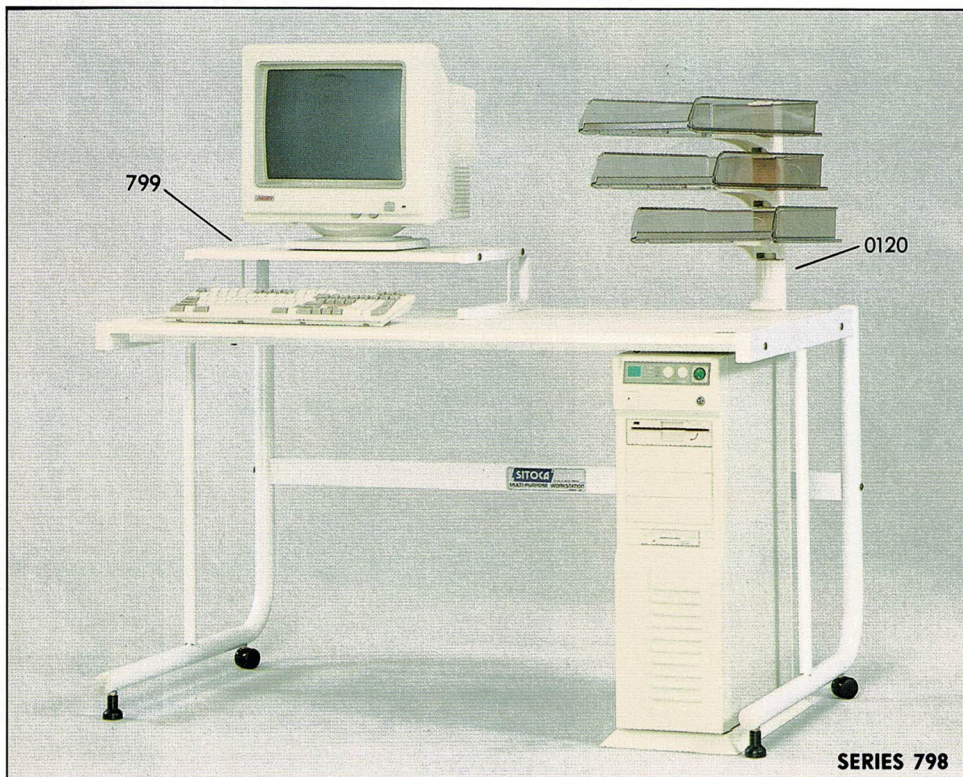

SERIES 797

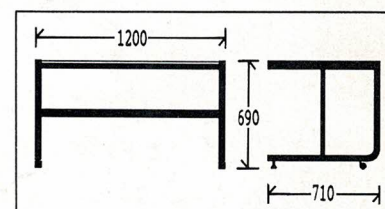

SERIES 797 & 798

Series 797 & 798 have the same basic design of series 795 & 796 respectively, but without the top cantilever shelf. Both units when enhance by adding optional items becomes very practical for various usage.

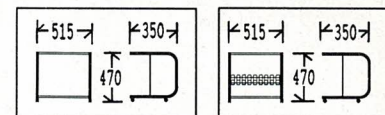

SERIES 798

SERIES 101

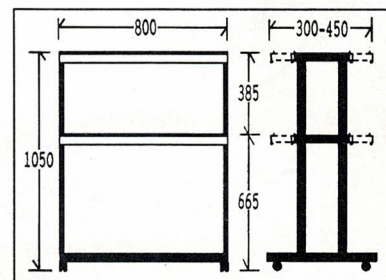

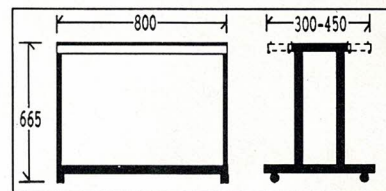

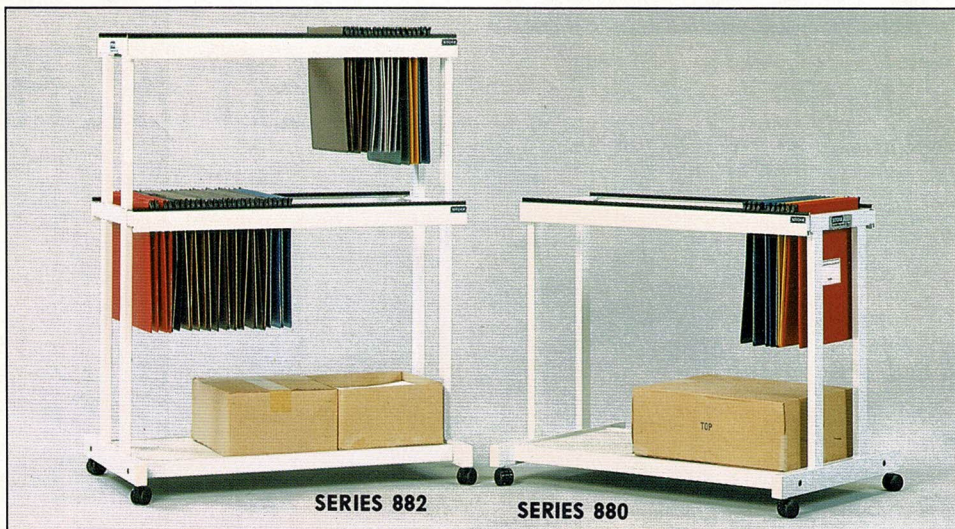

SERIES 102

SERIES 101 & 102

Series 101 is constructed for multi-purpose usage. Being small, functional, compact and mobile, it is suitable for various computer peripherals. Series 102 is similar in design to Series 101 except it comes with a receiving tray. Both series can easily glide beneath table top to enhance space-saving.

SITOCA® THE ADJUSTABLE PRINT-OUT TROLLEY

SERIES 880 & 882

Series 880 & 882 are adjustable in width to accommodate either 80 & 132 columns print-out file for a total of 10,000 print-outs. Lower shelf for putting several boxes of computer forms or for other usage. Series 882 is similar in use except that it is double-deck. It can accommodate up to 20,000 print-outs. Both series are mobile.
